Martin-Yale Intimus 16.50 11.8CC Cross Cut Paper Shredder

The Martin-Yale **16.50 11.8CC** industrial shredder from Intimus® is a high performance large document shredder with a conveyor belt feed from the receiving table to the cutting mechanism. Dosage paddles pull not only smooth, but crumpled paper in the same way. Optimum cutting performance thanks to rugged, wear-resistant cutting rollers made from high-grade steel and a high-power, thermally protected geared electric motor and stable drive. 500 mm working width; suitable for all standard computer formats.
