The Destroyit 3105 Cross Cut shredder comes with the SPS (Safety Protection System) package. It is electronically controlled and has a transparent safety shield in the feed opening. The Easy Switch control element uses color codes and back-lit symbols to indicate operational status. Has an automatic reverse and power cut-off in case of a paper jam. The power cut-off is also there when the shred bag is full or the cabinet door is open. This shredder has a automatic start and stop. The sheet capacity is 22-25 sheets of standard 20-pound paper but will vary due to variations in paper and power supply. 32-gallon bin capacity.

High quality, hardened steel cutting shafts take staples, paper clips, credit cards and CDs. This is a wooden cabinet and is mounted on casters. Has a pull-out bag frame mechanism mounted on rollers for easy replacement of disposable shred bags. Comes with a lifetime warranty of cutting shafts.
